Dear Mr. Madhava Rao,

I hear that Government have decided to depute me to London, but I have not received any official intimation of it. It is high time to secure a passage as I understand there is a rush of passengers to England at the end of May. I am anxious to know — if the matter is advanced to that stage — what passage allowance & will be paid. To me, and whether I may proceed to book a passage on the P & O. mail steamer leaving Bombay on the 21st May? The P & O return fare to Marseilles is £150 for 1st Saloon A class & £133/ for 1st Saloon B class.

Yours sincerely
K Matthan

P.S. I am not at present aware to which ports. Please

Dear Mr. Matthan,

I am in receipt of your D.O. letter of this date regarding your deputation to the Imperial Educational Conference in London.

It will take a few days before formal orders issue in regard to your allowances etc, but I am desired to inform you that you may engage passage (1st class A or B) by the mail steamer leaving Bombay on the 21st May as proposed .

Yours sincerely,

Chief Secretary to Government.

K. Matthan Esq. B.A.
Inspector-General of
Education in Mysore.

Submitted to His Highness.

In connection with the Imperial Education Conference to be held in London from 20th June to 8th July 1927, the Secretary of State for India has forwarded copy of a letter from the Board of Education conveying an invitation to the Governments and Administrations of the Indian Empire to nominate representatives to attend the Conference. The Residency have requested that the names of any representatives whom the Mysore Government propose to send to the Conference may be furnished by the 5th March 1927 for communication to the Government of India.

2. The selection of Mr. K. Matthan, B.A., Inspector-General of Education in Mysore, to attend the Conference has already been approved by His Highness (vide telegram dated 27th February 1927 from Mr. T. Thumboo Chetty). The Residency has been informed accordingly.

3. The question of allowances to be given to Mr. Matthan, etc., was considered in Council when the following resolution was recorded:-

"Mr. K. Matthan may be deputed to attend the Conference as representative of His Highness's Government.

He will be given first class passage to London and back with Railway fare (first class) for travelling in England to visit any places of educational interest in that country. His daily allowance for days not spent in travelling will be £.2. The railway fare and daily allowance may be drawn during the session of the Conference as well as for a period of one week before and one week after the actual session.

During Mr. Matthan's absence on deputation, Mr. N. S. Subba Rao will act as Inspector-General of Education."

4. As Mr. Matthan has to make early arrangements for his passage, and as the allowances proposed are on the usual scale given to officers of his status, orders on this subject are [redacted]

NOTE- Contn.Sheet

Submitted to His Highness.

In accordance with the orders ~~approved~~ passed by His Highness on the 14th instant, orders were issued sanctioning the deputation of Mr. K. Matthan to attend the Imperial Educational Conference to be held in London in June and July next, and the grant to him of the following rates of travelling allowances:-

First class passage to London and back with first class railway fare for travelling in England and a daily allowance at £.2 for days not spent in travelling, the railway fare and daily allowance being allowed only during the Session of the Conference as well as for a period of one week before and one week after the actual Session.

2. In his letter dated 16th March 1927, Mr. Matthan requests sanction to the following rates:-

(1) the usual travelling allowances from Bangalore to the port of embarkation (Bombay),

(2) actual first class passage for the journey by steamer,

(3) actual railway fare from port of disembarking (Marseilles) to London,

(4) daily allowance from date of disembarking to date of re-embarkation on return journey,

(5) actual railway fare for travelling during the period of deputation, and

(6) allowances similar to (1), (2), and (3) for the return journey.

3. The above terms differ from those already sanctioned only in two respects:-

(i) The period of deputation is not limited to one week prior to and one week subsequent to the Session,

(ii) Daily allowance is to be paid on days spent in travel, in addition to railway fare.

4. The Financial Secretary suggests that the period of deputation may be made definite and the Members of Council agree in this view.

5. Mr. Matthan has booked his passage by a Steamer leaving Bombay on the 21st May. The Conference sittings will be from the 20th June to 8th July, and it is proposed to entrust Mr. Matthan with certain other work also during his stay in England.

In view of these considerations, I beg to recommend that the terms proposed by Mr. Matthan may be accepted and the period of deputation extended up to 15th August 1927.

6. These proposals may be graciously sanctioned.

SECRETARY TO THE RESIDENT.

BJ

DESPATCH FROM HIS MAJESTY'S SECRETARY OF STATE FOR INDIA, NO. 5-GENERAL, DATED THE 9TH DECEMBER 1926.

Imperial Education Conference, 1927. S. & G.-4705/26.

With reference to the Despatch from Your Excellency's Government in the Department of Education, Health and Lands, No. 3, dated 29th April last, I forward, for the information of Your Excellency's Government and for such action as may be necessary, copies of a letter from the Board of Education conveying an invitation to the Governments and Administrations of the Indian Empire to nominate representatives to attend the Imperial Education Conference, which it has now been decided is to be held in London from 20th June to 8th July 1927.

2. As in previous years, the Board of Education has undertaken the responsibility for the organisation of the Conference, and it will be observed that their letter of invitation has been so framed as to extend, not only to Your Excellency's Government and the Local Governments and Administrations in India, but also to the Indian States. It is, in my judgment, eminently desirable that opportunities such as the forthcoming Conference affords should be utilised to foster, and give practical effect to, the conception of the unity of the States with British India and with the Empire in matters of common interest, and I would suggest that Your Excellency's Government should transmit the invitation, as an invitation from His Majesty's Government, to the Durbars of any States that are likely to wish to send representatives to the Conference and may, in the opinion of Your Excellency's Government, with advantage be invited. The procedure followed in 1923 (see correspondence ending with the telegram from Your Excellency's predecessor, No. 665, Education, dated 21st June 1923), of communicating to the Durbars of the Indian States merely for their information an intimation regarding the holding of the Conference without extending to them a definite invitation to send delegates, is apt, as experience has shown, to cause uncertainty and inconvenience.

3. With regard to the qualifications of representatives who may be nominated to attend the Conference by the Governments accepting the invitation, it will be remembered that the Conference of 1911 resolved (page 13 of their Report):—

> "that, in the opinion of the Imperial Education Conference, it is desirable that the delegates be confined to persons nominated by the Governments concerned,"

and that the Conference of 1923 resolved (page 275 of their Report)—

> "that the representatives should, save in very exceptional circumstances, be persons officially connected with the administration of education in the countries concerned."

I would ask Your Excellency's Government to invite the attention of Local Governments and Durbars to the importance of applying the last-named criterion in the selection of their representatives, and I would add that it is in my opinion most desirable that the representatives should be senior officials who can speak with some authority, and not junior officers of limited experience.

4. It is desirable that the names of any representatives who may be coming from India to attend the Conference, together with the particulars regarding them asked for in the letter from the Board of Education, should reach this Office if possible by the beginning of May next, and in any case not later than the middle of that month. The number of representatives should be intimated by telegraph beforehand at as early a date as possible.

5. I would invite attention to the printed "Note on Agenda," which is appended to the Board of Education letter, and shall be glad to receive in

due course any observations that Your Excellency's Government, or any of the Governments which propose to send representatives to the Conference, may desire to offer on the points raised therein, especially with reference to paragraph 5 of the Note, with regard to the general arrangements for the Conference.

Enclosure.

LETTER FROM THE BOARD OF EDUCATION TO INDIA OFFICE, DATED THE 26TH NOVEMBER 1926.

I am directed by the Board of Education to state that the Imperial Education Conference will meet in London from 20th June to 8th July 1927, and to request that the Secretary of State will cause the Education Departments of the Indian Empire to be informed, through their Governments, and invited to appoint representatives.

A note on the question of the Conference Agenda is attached, and the Board would be grateful if copies of this note could be sent out with invitation. Further details will be sent later.

I am to request that for each Education Department the Board may be furnished as soon as possible with the following information:—

(1) Names (with official titles, decorations, etc.) of the representatives appointed, with addresses to which communications on the subject of the Conference may be sent from time to time.

(2) An indication of the subjects on which the representatives would be willing to open discussion or contribute in other ways.

(3) If representatives cannot be appointed, a description of any memoranda which it is desired should be laid before the Conference. The memoranda themselves could be sent later. In this connection I am to express appreciation of the offer which has already been made by the Government of the Punjab.

It is anticipated that on this occasion, as in 1923, when the Conference last met, arrangements will be made for members of the Conference to visit places of educational interest and to see something of the outstanding movements in education in this country. If members have particular desires in this connection the Board would be glad to be informed as soon as possible, in order that suitable arrangements may be made.

IMPERIAL EDUCATION CONFERENCE, 1927.

NOTE ON AGENDA.

1. In July 1925 each Overseas Government was asked to send a list of topics suggested for discussion at the next Conference, arranged in order of preference. Each Government was also asked to express an opinion upon the suggestion (made by the Director of Education, Gold Coast) that the Conference should sit in sections, each section dealing with one topic or a group of related topics.

2. The great majority of the replies were favourable to the proposal that the Conference should sit in sections and one Education Department suggested that one of the sections might deal with the education of native races in tropical countries. Three replies, however, were not entirely favourable: of these, one pointed out that the proposal would involve larger representation, another was to the effect that sections were desirable only for some groups of subjects, while a third favoured the proposal on the understanding that the meetings of sections would not absorb the whole time of the Conference.

After a careful review of the subjects proposed for discussion, the Advisory Committee on the whole feel that this question can be decided only when information is available as to the numbers of representatives attending the Conference from the several parts of the Empire. In the arrangement of the Agenda every effort will be made to secure that the opportunities for members to take part in any discussions of interest to them will not be restricted.

3. The Advisory Committee find that the topics suggested by the Overseas Education Departments fall naturally into five main groups, as set out in paragraph 8 below. Having regard to the large numbers of related topics in groups (*a*) and (*b*) and to the order of preference in which these topics were placed, the Committee are of opinion that special prominence should be given to these groups in the Agenda, but that some of the meetings of the full Conference should be allotted to each group.

4. The Advisory Committee propose to summarise these subjects and to circulate more detailed proposals as to the Agenda at a later date. Meanwhile they hope that Overseas Education Departments will find in this note a sufficient indication for their immediate purposes of the general scope of the Conference. They hope in particular that in deciding the question of representation each department will bear in mind the possibility that the Conference may find it convenient to discuss some subjects in sections or committees, which may sit simultaneously.

5. In the case of the more distant parts of the Empire, it is desirable that representatives should inform the Advisory Committee as soon as possible whether they are prepared to contribute substantially, either by opening or otherwise, to the discussion of any particular subjects, and if so, what are the subjects in question.

6. In addition to meetings of the full Conference and of any sections or committees, the Advisory Committee have it in mind to arrange demonstrations, visits to schools, informal discussions with experts, etc. Certain subjects in groups (*d*) and (*e*) seem particularly adapted to treatment in this way. The Committee suggest that afternoons might be devoted to such activities. They are of opinion that no evening meetings should be held.

7. The Advisory Committee also suggest that one or more days at the end of the Conference might be left open for the discussion, in full Conference, of a subject or group of subjects to be chosen by vote about July 1st (*i.e.*, half way through the Conference). If this is done, the Committee are satisfied that practically all the subjects proposed can be dealt with in three weeks, while the groups of subjects of most general interest can be given more time than has been possible on previous occasions.

8. The subjects proposed by the Overseas Departments have been classified by the Advisory Committee as follows:—

GROUP (A).—Education in relation to the pupil's after-career, with special reference to problems of post-primary and vocational education.

1. The ladder of education. How far should primary education be carried? When and how should bifurcation take place between the more purely vocational and the more purely literary education? (Gold Coast.)

BANGALORE

13th May 1927

Dear Mr. Madhava Rao,

With reference to the Government Notification regarding my deputation to London I beg to state that I have arranged to leave Bangalore on the - 18th instant. I shall be obliged if the Government will permit me to hand over charge of my office on the 16th instant so that I may have two days for preparation.

Yours sincerely,
K Matthan

P.S.- Since writing the above I have received the enclosed letter from Mr. N.S.Subba Rao. As Mr. Subba Rao says he cannot take charge before the 18th, could I hand over charge on the 16th inst. to the Assistant Inspector General? I want at least two days for preparation.

N. Madhava Rao, Esq.,B.A.,B.L.,
Chief Secretary to Government.
